

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product name : TOUGH WIPES  
Product code : UDS000491BU  
Type of product : Cosmetic product,Detergent

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### Relevant identified uses

Main use category : Professional use  
Use of the substance/mixture : Cleaning - Accessories

#### 1.3. Details of the supplier of the safety data sheet

##### Supplier

CRC Industries Europe UK Limited  
Wylds Road  
Castlefield Industrial Estate  
TA6 4DD Bridgwater Somerset  
United Kingdom  
T +44 1278 727200, F +44 1278 425644  
[hse.uk@crcind.com](mailto:hse.uk@crcind.com), [www.crcind.com](http://www.crcind.com)

#### 1.4. Emergency telephone number

Emergency number : +44 1278 727200  
Office hours: 9-17h CET

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Not classified

##### Adverse physicochemical, human health and environmental effects

To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

#### 2.2. Label elements

##### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

Extra phrases : This evaluation was carried out according to the Chapter III and Annex I of the REGULATION (EC) No 1223/2009 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 30 November 2009 related to cosmetic products.

#### 2.3. Other hazards

Contains no PBT and/or vPvB substances  $\geq 0.1\%$  assessed in accordance with REACH Annex XIII

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or substance(s) are not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|                                       |                                                                                                                    |
|---------------------------------------|--------------------------------------------------------------------------------------------------------------------|
| First-aid measures after inhalation   | : Remove person to fresh air and keep comfortable for breathing. If signs/symptoms develop, get medical attention. |
| First-aid measures after skin contact | : Seek medical attention if irritation develops.                                                                   |
| First-aid measures after eye contact  | : Rinse eyes with water as a precaution. Seek medical attention if irritation develops.                            |
| First-aid measures after ingestion    | : Call a poison center or a doctor if you feel unwell.                                                             |

#### 4.2. Most important symptoms and effects, both acute and delayed

No additional information available

#### 4.3. Indication of any immediate medical attention and special treatment needed

Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

|                                |                                                  |
|--------------------------------|--------------------------------------------------|
| Suitable extinguishing media   | : Water spray. Dry powder. Foam. Carbon dioxide. |
| Unsuitable extinguishing media | : Do not use a heavy water stream.               |

#### 5.2. Special hazards arising from the substance or mixture

|                                                  |                                                         |
|--------------------------------------------------|---------------------------------------------------------|
| Hazardous decomposition products in case of fire | : During fire, gases hazardous to health may be formed. |
|--------------------------------------------------|---------------------------------------------------------|

#### 5.3. Advice for firefighters

|                                |                                                                                                                                                                      |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Firefighting instructions      | : Move containers from fire area if it can be done without personal risk. Use standard firefighting procedures and consider the hazards of other involved materials. |
| Protection during firefighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.                             |

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

##### For non-emergency personnel

|                      |                                                                       |
|----------------------|-----------------------------------------------------------------------|
| Protective equipment | : Wear appropriate protective equipment and clothing during clean-up. |
|----------------------|-----------------------------------------------------------------------|

# TOUGH WIPES

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

Emergency procedures : Ventilate spillage area.

### For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".

Emergency procedures : Evacuate unnecessary personnel. Ventilate area.

## 6.2. Environmental precautions

Avoid release to the environment. Avoid the spillage or runoff entering drains, sewers or watercourses.

## 6.3. Methods and material for containment and cleaning up

Methods for cleaning up : For large spills, confine the spill in a dike and charge it with wet sand or earth for subsequent safe disposal. Following product recovery, flush area with water. Take up small spills with dry chemical absorbent. Clean surface thoroughly to remove residual contamination.

Other information : Dispose of materials or solid residues at an authorized site.

## 6.4. Reference to other sections

For disposal of contaminated materials refer to section 13 : "Disposal considerations".

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling : Ensure good ventilation of the work station. Avoid prolonged exposure. Handle in accordance with good industrial hygiene and safety procedures.

Hygiene measures : Do not eat, drink or smoke when using this product.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a well-ventilated place. Keep cool. Keep container closed when not in use.

### 7.3. Specific end use(s)

No additional information available

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### National occupational exposure and biological limit values

#### propan-2-ol; isopropyl alcohol; isopropanol (67-63-0)

##### United Kingdom - Occupational Exposure Limits

|                      |                                       |
|----------------------|---------------------------------------|
| Local name           | Propan-2-ol                           |
| WEL TWA (OEL TWA)    | 999 mg/m <sup>3</sup>                 |
|                      | 400 ppm                               |
| WEL STEL (OEL STEL)  | 1250 mg/m <sup>3</sup>                |
|                      | 500 ppm                               |

# TOUGH WIPES

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 8.2. Exposure controls

#### Appropriate engineering controls

##### Appropriate engineering controls:

No special precautions are necessary if the product is used correctly.

#### Personal protection equipment

##### Eye and face protection

##### Eye protection:

No special precautions are necessary if the product is used correctly

##### Skin protection

##### Hand protection:

No special clothing/skin protection equipment is recommended under normal conditions of use

##### Respiratory protection

##### Respiratory protection:

No respiratory protection needed under normal use conditions

##### Thermal hazards

##### Thermal hazard protection:

Not expected to present a significant hazard under anticipated conditions of normal use. Wear appropriate thermal protective clothing, when necessary.

##### Environmental exposure controls

##### Environmental exposure controls:

Avoid release to the environment.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                                 |                       |
|-------------------------------------------------|-----------------------|
| Physical state                                  | : Liquid              |
| Colour                                          | : Colourless.         |
| Appearance                                      | : Impregnated wipes.  |
| Odour                                           | : Characteristic.     |
| Odour threshold                                 | : Not available       |
| Melting point                                   | : Not available       |
| Freezing point                                  | : 0 °C                |
| Boiling point                                   | : Not applicable      |
| Flammability                                    | : Non flammable.      |
| Lower explosion limit                           | : Not applicable      |
| Upper explosion limit                           | : Not applicable      |
| Flash point                                     | : > 93 °C             |
| Auto-ignition temperature                       | : Not applicable      |

| pH                                              | : 4.5 – 5.5           |
| Viscosity, kinematic                            | : Not applicable      |
| Solubility                                      | : Not available       |
| Partition coefficient n-octanol/water (Log Kow) | : Not applicable      |
| Vapour pressure                                 | : Not applicable      |
| Vapour pressure at 50°C                         | : Not available       |
| Density                                         | : 1.01 g/cm³ at 20 °C |
| Relative density                                | : 1.01 at 20 °C       |
| Relative vapour density at 20°C                 | : Not applicable      |
| Particle characteristics                        | : Not applicable      |

### 9.2. Other information

No additional information available

# TOUGH WIPES

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7). Avoid temperatures exceeding the flash point.

#### 10.5. Incompatible materials

Strong oxidizing agents.

#### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced. Carbon oxides (CO, CO<sub>2</sub>).

### SECTION 11: Toxicological information

#### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                             |                                                                                     |
|-----------------------------|-------------------------------------------------------------------------------------|
| Acute toxicity (oral)       | : Not classified (Based on available data, the classification criteria are not met) |
| Acute toxicity (dermal)     | : Not classified (Based on available data, the classification criteria are not met) |
| Acute toxicity (inhalation) | : Not classified (Based on available data, the classification criteria are not met) |

#### propan-2-ol; isopropyl alcohol; isopropanol (67-63-0)

|               |                       |
|---------------|-----------------------|
| LD50 oral rat | 5840 mg/kg bodyweight |
|---------------|-----------------------|

#### Alcohols, C9-11, ethoxylated (68439-46-3)

|                 |                         |
|-----------------|-------------------------|
| LD50 oral rat   | 1378 mg/kg              |
| LD50 dermal rat | > 2000 mg/kg bodyweight |

|                           |                                                                                                      |
|---------------------------|------------------------------------------------------------------------------------------------------|
| Skin corrosion/irritation | : Not classified (Based on available data, the classification criteria are not met)<br>pH: 4.5 – 5.5 |
|---------------------------|------------------------------------------------------------------------------------------------------|

#### Alcohols, C9-11, ethoxylated (68439-46-3)

|    |         |
|----|---------|
| pH | 6 – 7.5 |
|----|---------|

|                               |                                                                                                      |
|-------------------------------|------------------------------------------------------------------------------------------------------|
| Serious eye damage/irritation | : Not classified (Based on available data, the classification criteria are not met)<br>pH: 4.5 – 5.5 |
|-------------------------------|------------------------------------------------------------------------------------------------------|

#### Alcohols, C9-11, ethoxylated (68439-46-3)

|    |         |
|----|---------|
| pH | 6 – 7.5 |
|----|---------|

|                                   |                                                                                     |
|-----------------------------------|-------------------------------------------------------------------------------------|
| Respiratory or skin sensitisation | : Not classified (Based on available data, the classification criteria are not met) |
| Germ cell mutagenicity            | : Not classified (Based on available data, the classification criteria are not met) |
| Carcinogenicity                   | : Not classified (Based on available data, the classification criteria are not met) |
| Reproductive toxicity             | : Not classified (Based on available data, the classification criteria are not met) |
| STOT-single exposure              | : Not classified (Based on available data, the classification criteria are not met) |

#### propan-2-ol; isopropyl alcohol; isopropanol (67-63-0)

|                      |                                    |
|----------------------|------------------------------------|
| STOT-single exposure | May cause drowsiness or dizziness. |
|----------------------|------------------------------------|

|                        |                                                                                     |
|------------------------|-------------------------------------------------------------------------------------|
| STOT-repeated exposure | : Not classified (Based on available data, the classification criteria are not met) |
|------------------------|-------------------------------------------------------------------------------------|

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Alcohols, C9-11, ethoxylated (68439-46-3)

|                            |                        |
|----------------------------|------------------------|
| NOAEL (oral, rat, 90 days) | ≥ 500 mg/kg bodyweight |
|----------------------------|------------------------|

**Aspiration hazard** : Not classified (Based on available data, the classification criteria are not met)

### TOUGH WIPES

|                      |                |
|----------------------|----------------|
| Viscosity, kinematic | Not applicable |
|----------------------|----------------|

### 11.2. Information on other hazards

#### Endocrine disrupting properties

Adverse health effects caused by endocrine disrupting properties : The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or substance(s) are not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %

## SECTION 12: Ecological information

### 12.1. Toxicity

Ecology - general : The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.

Hazardous to the aquatic environment, short-term (acute) : Not classified (Based on available data, the classification criteria are not met)

Hazardous to the aquatic environment, long-term (chronic) : Not classified (Based on available data, the classification criteria are not met)

### propan-2-ol; isopropyl alcohol; isopropanol (67-63-0)

|                 |            |
|-----------------|------------|
| LC50 - Fish [1] | 10000 mg/l |
| LC50 - Fish [2] | 9640 mg/l  |

### 12.2. Persistence and degradability

### TOUGH WIPES

|                               |                                                                             |
|-------------------------------|-----------------------------------------------------------------------------|
| Persistence and degradability | Not established. No data is available on the degradability of this product. |
|-------------------------------|-----------------------------------------------------------------------------|

### 12.3. Bioaccumulative potential

### TOUGH WIPES

|                                                 |                |
|-------------------------------------------------|----------------|
| Partition coefficient n-octanol/water (Log Kow) | Not applicable |
|-------------------------------------------------|----------------|

### 12.4. Mobility in soil

No additional information available

### 12.5. Results of PBT and vPvB assessment

### TOUGH WIPES

|                           |                                                                                            |
|---------------------------|--------------------------------------------------------------------------------------------|
| Results of PBT assessment | Contains no PBT and/or vPvB substances ≥ 0.1% assessed in accordance with REACH Annex XIII |
|---------------------------|--------------------------------------------------------------------------------------------|

### 12.6. Endocrine disrupting properties

Adverse effects on the environment caused by endocrine disrupting properties : The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or substance(s) are not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %.

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 12.7. Other adverse effects

#### TOUGH WIPEs

|                   |                        |
|-------------------|------------------------|
| Other information | No other effects known |
|-------------------|------------------------|

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

|                                           |                                                                                                                                                                                                                       |
|-------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Waste treatment methods                   | : Dispose of contents/container in accordance with licensed collector's sorting instructions.                                                                                                                         |
| European List of Waste (LoW, EC 2000/532) | : According to the European Waste Catalogue (EWC), Waste Codes are not product specific, but application specific Waste codes should be assigned by the user based on the application for which the product was used. |

## SECTION 14: Transport information

In accordance with ADR / IMDG / IATA / ADN / RID

| ADR                                     | IMDG           | IATA           | ADN            | RID            |
|-----------------------------------------|----------------|----------------|----------------|----------------|
| <b>14.1. UN number or ID number</b>     |                |                |                |                |
| Not regulated for transport             |                |                |                |                |
| <b>14.2. UN proper shipping name</b>    |                |                |                |                |
| Not regulated.                          | Not regulated. | Not regulated. | Not regulated. | Not regulated. |
| <b>14.3. Transport hazard class(es)</b> |                |                |                |                |
| Not regulated.                          | Not regulated. | Not regulated. | Not regulated. | Not regulated. |
| <b>14.4. Packing group</b>              |                |                |                |                |
| Not regulated.                          | Not regulated. | Not regulated. | Not regulated. | Not regulated. |
| <b>14.5. Environmental hazards</b>      |                |                |                |                |
| Not regulated.                          | Not regulated. | Not regulated. | Not regulated. | Not regulated. |
| No supplementary information available  |                |                |                |                |

### 14.6. Special precautions for user

#### Overland transport

Not regulated.

#### Transport by sea

Not regulated.

#### Air transport

Not regulated.

#### Inland waterway transport

Not regulated.

#### Rail transport

Not regulated.

### 14.7. Maritime transport in bulk according to IMO instruments

Not applicable

# TOUGH WIPES

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 15: Regulatory information

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

**EU-Regulations**

**REACH Annex XVII (Restriction List)**

Contains no substance(s) listed on REACH Annex XVII (Restriction Conditions)

**REACH Annex XIV (Authorisation List)**

Contains no substance(s) listed on REACH Annex XIV (Authorisation List)

**REACH Candidate List (SVHC)**

Contains no substance(s) listed on the REACH Candidate List

**PIC Regulation (Prior Informed Consent)**

Contains no substance(s) listed on the PIC list (Regulation EU 649/2012 concerning the export and import of hazardous chemicals)

**POP Regulation (Persistent Organic Pollutants)**

Contains no substance(s) listed on the POP list (Regulation EU 2019/1021 on persistent organic pollutants)

**Ozone Regulation (2024/590)**

Contains no substance(s) listed on the Ozone Depletion list (Regulation EU 2024/590 on substances that deplete the ozone layer)

**Council Regulation (EC) for the control of dual-use items**

Contains no substance subject to the COUNCIL REGULATION (EC) for the control of dual-use items

**Detergent Regulation (648/2004)**

| Labelling of contents     |   |
|---------------------------|---|
| Component                 | % |
| CHLORHEXIDINE DIGLUCONATE |   |
| perfumes                  |   |
| d-LIMONENE                |   |
| LINALOOL                  |   |

**Allergenic fragrances > 0.01 %:**

d-LIMONENE  
LINALOOL

**Cosmetic Regulation (1223/2009)**

**Fragrance allergens (Cosmetics):**

d-LIMONENE  
LINALOOL

**Explosives Precursors Regulation (2019/1148)**

Contains no substance(s) listed on the Explosives Precursors list (Regulation EU 2019/1148 on the marketing and use of explosives precursors)

**Drug Precursors Regulation (273/2004)**

Contains no substance(s) listed on the Drug Precursors list (Regulation EC 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out

### SECTION 16: Other information

| Abbreviations and acronyms: |                                                                                                 |
|-----------------------------|-------------------------------------------------------------------------------------------------|
| ADN                         | European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways |

|-------------------------------------|-----------------------------------------------|
| Acute Tox. 4 (Oral)                 | Acute toxicity (oral), Category 4             |
| Eye Irrit. 2                        | Serious eye damage/eye irritation, Category 2 |
| Flam. Liq. 2                        | Flammable liquids, Category 2                 |

# TOUGH WIPES

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Full text of H- and EUH-statements:

|           |                                                                        |
|-----------|------------------------------------------------------------------------|
| STOT SE 3 | Specific target organ toxicity – Single exposure, Category 3, Narcosis |
| H225      | Highly flammable liquid and vapour.                                    |
| H302      | Harmful if swallowed.                                                  |
| H319      | Causes serious eye irritation.                                         |
| H336      | May cause drowsiness or dizziness.                                     |

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product. Apart from any fair dealing for purposes of study, research and review of health, safety and environmental risks, no part of these documents may be reproduced by any process without written permission from CRC. The products are governed by Regulation (EC) No 1272/2008 on the classification, labelling and packaging of substances and mixtures (CLP); Regulation (EC) No 1907/2006 on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (in each case, as amended and replaced) and other applicable laws. It is an importers or downstream users responsibility to ensure compliance of product they import. An SDS provided in the official language(s) of a country is not a guarantee of compliance in that country.
